October’s Front Range Teen Science Café will feature Dr. Tod Clapp from CSU’s Department of Biomedical Sciences. As attendees, budding scientists will experience hands-on anatomy demonstrations that illustrate the effects of poor health decisions, such as eschewing sunscreen, smoking cigarettes, abusing alcohol, or taking drugs. We’ll use these organs to explore the importance of healthy lifestyle choices.

**OCT 8**

**WEDNESDAY: 5–7PM**

**EVERYDAY JOE’S COFFEE HOUSE**

144 S. Mason St, Fort Collins, CO

*Food and drinks are provided. Please RSVP so we can plan accordingly.*
